CONTROL & POWER SYSTEMS, INC.

COMPANY OVERVIEW

Custom Control Solutions and Turnkey Automation Systems since 1979

ENGINEERING SERVICES

- Lifecycle Documentation
- Functional Requirement Specification (FRS)
- Control Strategy Development
- Hardware Specification (HDS)
- Software Specification (SDS)
- Detailed Design Specification (DDS)
- Instrumentation Specification
- Mechanical Skid Design
- CAD Drawings (2D, 3D)
- PLC/DCS Programming
- MMI, SCADA Configuration

INTEGRATION SERVICES

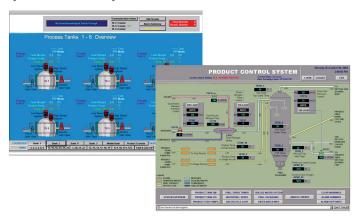

- S88 Batch
- Electronic Batch Records (EBR)
- 21 CFR Part 11
- PLC Systems (Every Major Brand)
- SCADA Software (Every Major Brand)
- Data Bases (Every Major Brand)
- Historians
- Networking
- Wireless
- WEB Enabled
- Data Acquisition

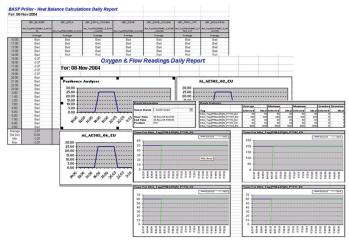

QUALITY ASSURANCE

- Formal and Audited Quality Management System
- Factory and Site Acceptance Testing
- System Performance Tests
- Full Service Test Center
 - Electric, Hydraulic, Pneumatic
- System Commissioning

VALIDATION SERVICES

- 21 CFR Part 11
- Computer System Validation
- VSD, IQ, OQ, PQ
- Formal Commissioning

17 SPIELMAN ROAD, FAIRFIELD, NJ 07004 • 973-575-3300 PHONE • 973-575-5300 FAX • WWW.C-P-S.COM

FABRICATION SERVICES

- Custom Skid Fabrication
- Control Panel Fabrication
- UL (508A, 698A, 698B), CUL, CE Certification
- Intrinsically Safe
- Explosion Proof
- Welding
- Electrical & Power
- Piping & Tubing
- Pneumatic & Hydraulic Systems
- Painting
- Installation

PRODUCTS

- Water Filtration/Reclamation System
- Space Saving Venturi and Eductor
- Calibration Cylinder
- pH Neutralization Systems
- Polymer Systems

INSTRUMENTATION

- Engineering
 - Specification & Selection
- Installation
 - Mounting, Tubing, Wiring
- Calibration
 - ISA Certification
 - NIST Traceable
- Service Contracts

COMPANY INFO

- In business since 1979
- 15,000 square foot facility
- Over 35 employees
- Successfully completed thousands of projects
- Single point responsibility (one-stop-shop)
- Unparalleled craftsmanship and quality
